

## **Global Research Collaborators**

The GRFCG is a platform for all those who have an active interest and involvement in the field of corporate governance and allied areas. Our membership is designed to help the members in upgrading their existing knowledge which would facilitate them to improve their research, teaching and consulting activities by providing some special benefits in the events and activities of the foundation.

### **Membership Benefits**

- Becoming a part of global network of researchers and professionals in the field of corporate governance.
- Access to all database and latest research work of GRFCG available through the website of GRFCG.
- Opportunity to participate in all events organized by GRFCG (like Conferences, Workshops, Seminars, etc.) at a concessional rate.
- Complimentary copy of journal of GRFCG and communications regarding events, call for papers and newsletter of the foundation.
- Significant opportunities to develop teaching skills, research aptitudes, developing leadership skills and being considered to be a part of panel of reviewers.
- Priority attendance at the events hosted by the foundation.

Educational and research institutes, NGO's, Corporate enterprises from across the globe are welcome to mark their contribution in encouraging research in Corporate Governance and allied areas by collaborating with us in our endeavors to enhance quality research in the area by way of seminars, conferences , publications, research projects and best practices awards. Multiple representatives from these institutions can avail access to database and research findings and other benefits of membership. Collaboration contribution is INR 2,00,000 for 20 years.

**The Institute of Public Enterprise (Hyderabad) joined Institutional Member (Global Research Collaborators) of GRFCG wef April 2019?**
